

Name of the horse : _____ Sex : M : Colt / H : Gelding / F : Filly

Color : ALE : Chestnut / BAI : Bay / GRI : Grey / AUB : Strawberry roan / ROU : Roan

Others : ALECLA : Liver Chestnut / NOIPAN : Dark bay, Brown.

-
- A - STARS
0 = No marks / 1 = Few white hairs / 2 = Small star (smaller than the eye) / 3 = Star / 4 = Large star / 5 = Small mixed star / 6 = Mixed star / 7 = Large mixed star / 8 = Star
Importance flecked with hairs of the coat.
- Position on the head
1 = Median / 2 = More to the right / 3 = More to the left / 4 = Vertical / 5 = Diagonally from left to right / 6 = Diagonally from right to left / 7 = Pointing towards the right eye / 8 = Pointing towards the left eye / 9 = Pointing towards both eyes.
- Position in relation to the whorls
1 = Including a whorl / 2 = Above a whorl / 3 = Below a whorl / 4 = Left of a whorl / 5 = Right of a whorl / 6 = Right or left tangent of a whorl / 7 = Upward tangent of a whorl / 8 = Downward tangent of a whorl / 9 = Including or tangent or next to two whorls or more.
- B - WHORL ON THE FOREHEAD
0 = No whorl / 1 = Whorl above eye level / 2 = Whorl on eye level / 3 = Whorl below eye level / 4 = Two whorls above eye level / 5 = Two whorls on eye level / 6 = Two whorls below eye level / 7 = Whorl above eye level and one below / 8 = Two whorls of which one on eye level / 9 = More than two whorls on the forehead.
- Number
Position
1 = Median / 2 = More to the right / 3 = More to the left / 4 = Horizontally / 5 = Diagonally from left to right / 6 = Diagonally from right to left / 7 = Vertical / 8 = Juxtaposed / 9 = Others.
- C - STRIPE
0 = No stripe / 1 = Few white hairs / 2 = Narrow stripe / 3 = Stripe / 4 = Broad stripe / 5 = Narrow mixed stripe / 6 = Mixed stripe / 7 = Large mixed stripe / 8 = Stripe flecked with hairs of the coat / 9 = Bordered stripe.
- Importance
Position
1 = Median / 2 = More to the right / 3 = More to the left / 4 = Deflected to the right / 5 = Deflected to the left / 6 = Sinuous / 7 = Starting at the top of the face / 8 = Starting middle of nose bridge / 9 = Starting base of nose bridge.
- D - FLESH MARK
0 = No flesh mark / 1 = Flesh mark between nostrils / 2 = Flesh mark between nostrils and into left nostril / 3 = Flesh mark between nostrils and into right nostril / 4 = Flesh mark between and into both nostrils / 5 = Flesh mark between nostrils and on upper lip / 6 = Flesh mark between nostrils and on lower lip / 7 = Flesh mark between nostrils and on both lips / 8 = Flesh mark on lower lip / 9 = Flesh mark on both lips.
- E - LEGS
0 = No white / 1 = Color of coat lighter on the legs / 2 = No marks on the leg but depigmentation of the hoof / 3 = Trace / 4 = White line covering the circumference (above the hoof) / 5 = White fetlock / 6 = White to mid-cannon / 7 = White covering cannon / 8 = White to knee or hock / 9 = White above knee or hock. LF
RF
LH
RH
- F - WHORLS UNDER MANE
0 = No whorl under the mane / 1 = Whorl on poll / 2 = Whorl on upper third of the neck / 3 = Whorl mid-neck / 4 = Whorl on lower third of the neck / 5 = Whorl at base of the neck / 6 = Two whorls on the upper half of the neck / 7 = Two whorls on the lower half of the neck / 8 = One whorl on upper half and one whorl on lower half of the neck / 9 = More than two whorls under the mane. L
R
- G - WHORLS UNDER NECK
0 = No whorl under the neck / 1 = A whorl on upper third under the neck / 2 = A whorl on the median third under the neck / 3 = A whorl on the lower third under the neck / 4 = Two whorls on upper third under the neck / 5 = Two whorls on median third under the neck / 6 = Two whorls on lower third under the neck / 7 = Two whorls of which one on median third under the neck / 8 = Two whorls, one on upper third and one on lower third under neck / 9 = More than two whorls under the neck.
- H - MARKS
0 = No marks / 1 = Branding mark / 2 = Freeze mark / 3 = Mark or abnormality on the head / 4 = Mark on the neck and/or the breast / 5 = Mark on the body (from the withers to the loins) / 6 = Mark or abnormality on fore leg / 7 = Mark or abnormality on hind leg / 8 = Mark on hindquarters (from the lions to the tail) / 9 = Large marks or abnormalities in several places.
